MAQUINA DE CORTAR ALFALFA Y ABROJO

A black and white illustration showing a man in a hat and work clothes operating a horse-drawn machine. The machine is a large, cylindrical roller or press, likely used for processing harvested crops like alfalfa. The man is seated on the machine, holding the reins of a horse that is pulling it. The machine has a large wheel at the back and a smaller one at the front. The horse is depicted in profile, facing right. The entire scene is set against a plain background.

BELL, TOWERS & C^{la}.

MAQUINA DE CORTAR ALFALFA Y ABROJO

A black and white illustration showing a man in a hat and work clothes operating a horse-drawn machine. The machine has a large cylindrical drum with a cutting mechanism inside, and a man is seated on a platform, guiding the machine. A horse is harnessed to the front of the machine, pulling it forward. The machine is designed for cutting alfalfa and brush.
